

DIB Pakistan Partners with Beyond Green Solar Solutions to Launch Shariah-Compliant Solar Financing Solutions

Karachi, April 29: DIB Pakistan (DIB) has entered into a strategic alliance with Beyond Green Solar Solutions to offer innovative, Shariah-compliant solar financing models/solutions to customers across Pakistan.

The partnership was formalized through a signing ceremony held at DIB's Head Office in Karachi. This collaboration marks a significant step toward enabling broader access to clean and sustainable energy solutions, while reinforcing DIB's commitment to responsible financing and environmental stewardship.

Commenting on the developing need for green finance, Syed Umar Rahman Shah, Head, Retail Asset Products, Autos, Fleet & Institutional Sales, DIB Pakistan stated, "Our partnership with Beyond Green Solar Solutions reflects our continued commitment to delivering innovative, ethical financial solutions that meet the evolving needs of sustainable practices for our customers."

Through this alliance, customers will benefit from accessible financing options for solar energy systems, helping reduce dependence on conventional energy sources, and better manage rising electricity costs.

The solution combines DIB's strong financial expertise and nationwide presence, with Beyond Green Solar Solutions's technical capabilities, in solar energy options. It is designed to serve a wide range of customer segments, offering flexibility, affordability, and a seamless processing experience.
